24. Please describe the most positive aspect(s) of this course. What should stay the same? (If multiple instructors are responsible for implementing this course, identify the instructor by name when [2314]

applicable).

Student 1: Enjoyed that each section built on the other and the use of peer feedback was very helpful.

25. Which aspect(s) of the course need(s) the greatest improvement and what recommendations do you have for improvement? (If multiple instructors are responsible for implementing this course, identify the instructor by name when applicable). [2315]

Student 1: For someone with no prior knowledge first could of weeks were very over whelming, but not sure this is fixable. There was a lot of information to learn in a short time.

¹ - *Valid Percent: Excludes missing, not applicable, and/or blank responses.*

** - *Mean of student responses: The mean is the arithmetic average of a set of scores found by summing the scores from each student and dividing that sum by the number of students who answered with a valid answer to this question.*

*** - *Mean of courses: The mean is the arithmetic average of a set of scores found by summing the mean from each course and dividing that sum by the number of courses that asked this question. This can be viewed as the mean of means of courses.*

**** - *Standard deviation of student responses: A measure of the variability or dispersion in a set of scores that provides an indication of the average amount by which the student scores deviate from the student mean of the distribution*

***** - *Standard deviation of courses: A measure of the variability or dispersion in a set of scores (mean of each course) that provides an indication of the average amount by which each of the course mean deviates from the mean of the distribution of all course means. This is the standard deviation that you should refer to if you are comparing one course to all the courses.*
